

When you want to be **comfortable** in your **own** **skin**

Talk to your doctor about the MIRA Study, exploring a potential treatment for hidradenitis suppurativa

You may be able to join the study if:

- You are 18 years of age or older
- You have been diagnosed with HS and have a history of signs and symptoms dating back at least 6 months
- Certain other treatments have not worked for your symptoms

Other criteria will need to be met to confirm your eligibility for the MIRA Study.

If you qualify, you may receive at no cost:

- Access to the study drug, or an already approved drug (adalimumab), or placebo
- Close care and monitoring of your condition
- The opportunity to help improve the treatment of HS
